

HVAC Training

Registrations:

Numbers are limited to 15 -20 max with members of the HVAC Contractors being given first priority. Please note you are able to register for any seminars or attend all of three (discounted rate).

Seminar 1: Air Diffusion 24th March (Wed) 9am—

Noon:

Ewen Brunskill and Paul Cronin (Holyoake Industries) will conduct this seminar and demonstrate in their purpose built laboratory air distribution fundamentals. Participants can actively measure air velocity and see differences in performance from a variety of diffusers. There will be an introduction to Fire Dampers as well as a short factory tour included. This seminar is aimed at apprentices, site foremen / site managers level. Morning tea will be provided.

Seminar 2: Fan IQ 25th March (Thurs) 9am-11.30am

Nigel McQueen (Fantech) will demonstrate fan types, characteristics including efficiencies and pitfalls. This seminar will be held in the training room at Aquatherm. Morning Tea will be provided

Seminar 3: PPR 25th March (Thurs) 1pm -4pm

Pete Worsnop (Aquatherm) has tailor made this course which will introduce an innovative pipe system PPR and cover: fusion (socket, electric), sliding Sleeve butt welding and a practical session. This seminar will be held in the Aquatherm training room. Refreshments provided.
